

# VIOLENT INCIDENT

## Description

---

Violent incidents, including but not limited to: acts of terrorism, assaults, or other incidents of workplace violence can occur on the University Grounds or in close proximity with little or no warning.

The UVA Police Department has adopted nationally accepted law enforcement response procedures to contain and terminate such threats, as quickly as possible. The following information regarding law enforcement response will enable you to take appropriate protective actions for yourself. Try to remain calm as your actions will influence others. The following instructions are intended for incidents that are of an emergent nature (i.e., imminent or in progress).

## Immediate Action

---

- **RUN:** Evacuate if a safe route is available.
- **HIDE:** If it is unsafe to escape, hide in an area out of view.
  - Lock the door and block entry; stay behind solid objects away from the door.
  - Turn off lights and computers, silence cell phones.
- **FIGHT:** Prepare to defend yourself if necessary.
- **Call 911** when safe to do so.

### Secure the Immediate Area

Whether a classroom, residence hall room, office or restroom:

- Lock or barricade the door, if able. Block the door using whatever is available—desks, tables, file cabinets, other furniture, books, etc.
- After securing the door, stay behind solid objects away from the door as much as possible
- If the assailant enters your room and leaves, lock or barricade the door behind
- If safe to do so, allow others to seek refuge with you

### Protective Actions

Take appropriate steps to reduce your vulnerability:

- Close blinds
- Block windows
- Turn off radios and computer monitors
- Silence cell phones
- Place signs in interior doors and windows, but remember the assailant can see these as well
- Place signs in exterior windows to identify your location and the location of injured persons
- Keep people calm and quiet
- After securing the room, people should be positioned out of sight and behind items that might offer additional protection—walls, desks, file cabinets, bookshelves, etc.

### Unsecured Areas

If you find yourself in an open area, immediately seek protection:

- Put something between you and the assailant

- Consider trying to escape, if you know where the assailant is and there appears to be an escape route immediately available to you.
- If in doubt, find the safest area available and secure it the best way that you can.

### **Call 911**

Emergency situations should be reported to law enforcement by dialing 911. You may hear multiple rings—stay on the line until it is answered; do not hang up. Be prepared to provide the 911 operator with as much information as possible such as:

- What is happening
- Where you are located including building name and room number
- Number of people at your specific location
- Injuries, if any, including the number of injured and types of injuries
- Your name and other information as requested

Try to provide information in a calm clear manner so that the 911 operator quickly can relay your information to responding law enforcement and emergency personnel.

### **What to Report**

Try to note as much as possible about the assailant, including:

- Specific location and direction of the assailant
- Number of assailants
- Gender, race and age of the assailant
- Language or commands used by the assailant
- Clothing color and style
- Physical features – e.g., height, weight, facial hair, glasses, etc.
- Type of weapons – e.g., handgun, rifle, shotgun, explosives
- Description of any backpack or bag
- Do you recognize the assailant? Do you know their name?
- What exactly did you hear? – e.g., explosions, gunshots, etc.

### **Treat the Injured**

The 911 operator will notify law enforcement and other emergency services, fire and rescue. Emergency medical services will respond to the site but will not be able to enter the area until it is secured by law enforcement. You may have to treat the injured with basic first aid until the area is secure.

- For bleeding apply pressure and elevate. Many items can be used for this purpose – e.g., clothing, paper towels, feminine hygiene products, newspapers, etc.
- Reassure those in the area that help will arrive – try to stay quiet and calm.

### **Un-securing the Area**

- The assailant may not stop until their objectives have been met or until engaged and neutralized by law enforcement.
- Always consider the risk exposure by opening the door for any reason.
- Attempts to rescue people only should be made if it can be done without further endangering the persons inside of a secured area.

- Be aware that the assailant may bang on the door, yell for help, or otherwise attempt to entice you to open the door of a secured area.
- If there is any doubt about the safety of the individuals inside the room, the area needs to remain secured.

### Law Enforcement Response

UVA Police will immediately respond to the area assisted by other local law enforcement agencies if necessary. Remember help is on the way. It is important for you to:

- Remain inside the secure area
- Law enforcement will locate, contain and stop the assailant
- The safest place for you to be is inside a secure room
- The assailant may not flee when law enforcement enters the building, but instead may target arriving officers

### Injured Persons

Initial responding officers will not treat the injured or begin evacuation until the threat is neutralized and the area is secure.

- You may need to explain this to others in order to calm them
- Once the threat is neutralized, officers will begin treatment and evacuation

### Evacuation

Responding officers will establish safe corridors for persons to evacuate

- This may be time consuming
- Remain in secure areas until instructed otherwise
- You may be instructed to keep your hands on your head
- You may be searched
- You may be escorted out of the building by law enforcement personnel; follow their directions
- After evacuation, you may be taken to a staging or holding area for medical care, interviewing, counseling, etc.
- Once you have been evacuated, you will not be permitted to retrieve items or access the area until law enforcement releases the crime scene

### **Decision**

---

Assistance from local and state law enforcement agencies will be provided under existing mutual aid agreements. The decision to call in outside supporting agencies or to close all or a portion of the Grounds will be made by the Chief of Police or designee and other appropriate individuals in the University administration. Information will be released to the UVA community as quickly as circumstances permit.
